Kidz Night Out

Scuba Class Option-PADI Bubblemaker

Who should take this program?

Bubblemaker is as fun as it sounds – a chance for kids to blow bubbles by scuba diving. Children who are at least 8 years old can use scuba gear to breathe underwater and swim around in shallow water. A child must be 8 years old or older. Kids must be comfortable in the water, but no prior experience is necessary. Parental approval is required.

What will your child learn?

Bubblemakers get a chance to:

- Experience scuba diving under the direct care and supervision of a PADI Pro.
- Take their first breaths underwater in water shallower than 2 meters/6 feet.
- Learn about and use scuba diving equipment made for children – not adults.
- Have lots of fun.

What scuba gear will they use?

In the Bubblemaker program, participants get a basic introduction to how to use scuba gear, how to clear a regulator and mask, and an overview of breathing do's and don'ts. The program is 1 ½- 2 hours, and takes place in our indoor pool. It is taught by Gary Melius, Certified PADI Divemaster and Instructor with Doc's Scuba. The cost is \$30 over Kidz Night Out price and children must bring swimsuits and towels.
